Colorado Prescription Drug Monitoring Program (PDMP)

If you receive a prescription for a "controlled" (Schedule II through V) drug, your identifying prescription information will be entered into Colorado's Prescription Drug Monitoring Program (PDMP) database when this drug is dispensed to you. Your prescription information in the database is a protected health record and cannot be accessed by non caregivers except as part of an authorized investigation. You have the right to access your information in the PDMP through the Colorado Board of Pharmacy. You may seek corrections to the information as you would with your other medical records.
